Does your child love art? If you would like to encourage your child's creative spirit, then the Wesleyan Summer Art Camp will be one of the best investments you can make in their summer. This summer's program will introduce a wide variety of artistic mediums, such as drawing materials, paint, and clay. These mediums will be introduced with topics designed to further children's knowledge of well-known artists and art history. Creativity and talent will be developed through exercises designed to stimulate your child's mind in an atmosphere that is fun and safe. Campers should bring a snack. This camp is limited to 20 students. If you have any questions, please contact Kristie Onorato.
