

# Wolf Run Team Competition Entry Form

1. A team is to consist of five runners.
2. A team must have a team coordinator. The team coordinator should be a responsible person who is willing to coordinate and score the team on race day. The team coordinator is responsible for the following:
  - Must submit in writing to a race official a written list of team members before the start of the 5K race.
  - Must score their team by recording each runner's place number found on the runner's finish card and by tallying these five numbers. This number will be the team's score. This result must be submitted to a race official as soon as possible after all five runners have crossed the finish line.
3. The team with the lowest tally of place numbers will be the winner.
4. We wish that we could award the top team with airline tickets to Hawaii or new automobiles. However, winners will have bragging rights and the admiration of fellow Wolf Run participants. What could be better?

team name: \_\_\_\_\_

team coordinator: \_\_\_\_\_

**The team coordinator is responsible for the  
accurate scoring of the team.**

Team members:

**grade**  
*(if applicable)*

#1: \_\_\_\_\_

#2: \_\_\_\_\_

#3: \_\_\_\_\_

#4: \_\_\_\_\_
